NUTRITION API

The screenshot displays the RapidAPI web interface. The top navigation bar includes the RapidAPI logo, API Projects, and the current project name 'Demo project'. The left sidebar contains navigation links for Requests, Tests, Hub Listing, Analytics, and Settings. The main workspace is divided into three panels:

- Left Panel:** Shows the 'Cloud Sync' status as 'Synced'. Under 'Branches', 'Main' is selected. Under 'Sessions', 'Request 1' is listed with the method 'GET https://echo.paw.cloud'.
- Center Panel:** Displays the request configuration. The method is 'GET' and the URL is 'https://echo.paw.cloud'. A 'Send' button is present. Below, the 'Description' tab is active, showing the request name 'Request 1'. A 'Preview' section shows the cURL command:

```
1 curl --request GET \
2 | --url https://echo.paw.cloud/
```
- Right Panel:** Shows the response status '200 OK'. The 'Response' tab is active, displaying the response body 'HTTP Echo'. Below this, a 'Request' section contains a table with the following data:

Method	GET
URL	https://echo.paw.cloud/
Path	/
Client IP	162.158.235.23

Below the table, the text 'URI parameters' is partially visible.
